ABOUT BRAMOTSAVAM

Brahmotsavam - A grand festival on the auspicious occasion of Hindu Temple of Florida 28th Anniversary

The Hindu Temple of Florida will be celebrating its 28th Anniversary and Annual Brahmotsavam from March to 21st March 25. The word "Sava" means unhappiness or misery of transmigratory existence and Utsavam is that which helps us get rid of "Sava". Thus, the Brahmotsavam refers to the grand festival on celebration where Brahma ji comes down to the earthly realm and conducts this grand festival on our behalf.

During this auspicious occasion, the temple has arranged several programs every morning and evening, some of which are:

Dhwajarahanam, which is the hoisting of the flag of Garuda to announce to everyone that the grand celebration has begun.

Sesha Vahanam, where Shri Satyanarayana Swamy will be taken on the Adishesha in a procession.

Sudarshana Homam, a Havan or Homam dedicated to Shri Sudarshana Bhagavan.

Satyanarayana Swamy Kalyanam, which is the divine wedding ceremony.

Pushpa Yagam, a grand Pushpa Yagam will be performed for Shri Satyanarayana Swamy. The Pushpa Yagam involves anointing Shri Satyanarayana Swamy with various fragrant flowers in order to seek His blessings for the wealth and good health of the devotees, and for protecting all of us from calamities and misfortune. Participating and attending the Pushpa Yagam will remove the six negative gunas and cultivate the six positive gunas. The positive gunas are **aishwaryam** (prosperity), **balam** (strength), **jnanam** (wisdom), **shakti** (energy), **tejas** (vigor), and **veeriyam** (courage), while the negative gunas are **kamam** (lust), **krodham** (anger), **lobham** (greed), **madham** (pride), **matsaryam** (envy), and **moham** (delusion).

Garuda Vahana Seva, where Shri Satyanarayana Swamy will be taken on the Garuda in a procession.

Brahma Rathotsavam, considered to be the star highlight of the Brahmotsavam. Shri Satyanarayana Swamy will be taken as a procession in a nicely decorated Ratha chariot. It is believed that the presiding deity of the temple comes down from the sanctum sanctorum and visits and blesses us personally.

Avabhruta Snanam or Thirthotsavam, which is the final event of the Brahmotsavam. The Avabhruta Snanam is a special abhishekam to Shri Sudarshana Bhagavan, who represents the main deity of the temple. To complete this ritual, the holy water will be sprinkled on the devotees as blessings from Shri Sudarshana Bhagavan.

**The numerous benefits of conducting a Brahmotsavam as
enumerated in the Agama texts are:**

It is done for overall peace, prosperity, happiness, and welfare of all people.

It is a meritorious act and secures fulfillment of all desires, destroys sins accumulated in previous births, and brings happiness in all our endeavors.

Whoever sponsors an Utsava will yield a long life of happiness, health, and prosperity.

Wealth and prosperity will be blessed upon us when the Brahmotsavam is performed.

Utsavas gratify the Gods and purify those who perform it. Utsavas will help accomplish all the four goals of our lives - Dharma, Artha, Kama and Moksha.

**Hindu Temple of Florida cordially welcomes all of the devotees
