

Since we moved to Tampa in 2007, I and my family have been blessed to be connected with the Hindu temple in various ways including as a devotee, rithwik, volunteer and with Lord Satyanarayana's blessings, contributed financially towards the temple activities. We also actively participate in various religious, cultural and temple projects. Balancing time with my day job, I find peace and contentment in participating and volunteering at various temple events like the annual Brahmotsavam, Kumbabishekam and various other religious and cultural events. With the growing Indian diaspora in Tampa, it is such a bliss to see such devotion and a pleasure to watch the temple scale up to the needs and yet preserving the traditions and cater to the diverse cultural needs of the population. As an IT professional and also an ardent follower of Sanathan Dharma, I would like to continue contributing to the temple yatha shakti and hence applying for the Trustee post in the 2024 election.
