

Namaskarams

My name is Ramanathan Ramasubbu, and I have been a resident of Tampa since 2011. I have maintained a deep involvement with the Hindu temple of Florida. I consider it a blessing to collaborate unofficially with the priests and the religious committee team, especially in organizing ritwiks for significant temple events like Maha Kumbabhishekam, Brahmotsava, and Shiva Rathri. My passion for religious affairs has motivated me to seek further contributions and provide assistance to the temple in any capacity necessary. I am eagerly anticipating offering selfless service (seva) to the temple, aiming to enhance my involvement and support its spiritual initiatives. I am committed to the temple's well-being and the faith of this community, demonstrating my readiness to step forward and serve where needed.

My background, I'm an Engineer and operations officer in an Automation company based out of Clearwater.

My wife works for Hillsborough county school. Blessed with 2 boys and are in 8 th and 3 rd grade.

Thank you for the opportunity

Ramanathan Ramasubbu
